

## Vacation between the Black Forest and the Vosges

Ettenheim-Münchweier is between Freiburg and Offenburg and a 10-minute drive from Europe's most popular theme park "Europa Park" in Rust.

Other worthwhile sites in the upper Rhine, the Black Forest, in neighboring Alsace and Switzerland can all be reached within a couple of hours or less.

The surrounding hills of the middle Black Forest offer wonderful walks and hikes.

First a hearty breakfast, and then whether you're walking, mountain biking, or motor biking, we can give you tips for extensive excursions, interesting day trips, or winding trails to venture along within our area.

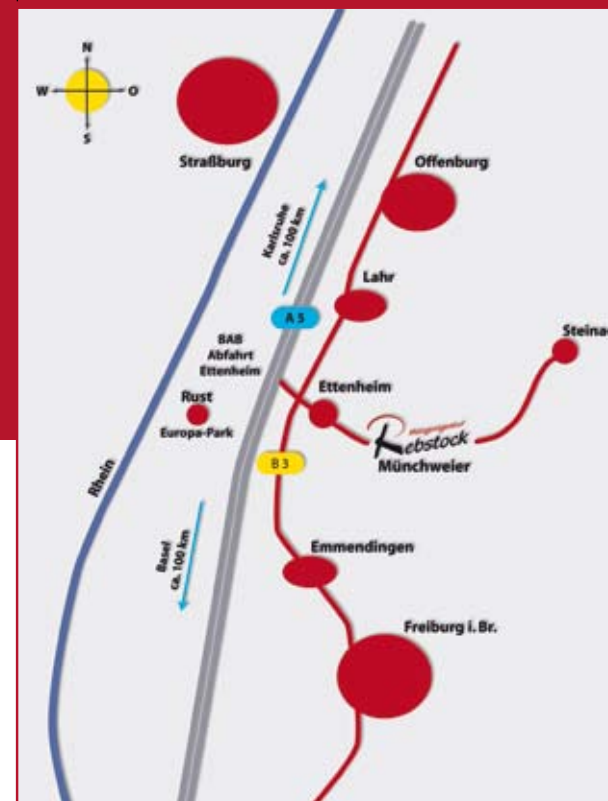

There are simple round trip excursions for the whole family along attractive routes as well as demanding tours within the middle Black Forest that involve steep climbs.

Secure and dry shelters for motorcycles and bikes are available free of charge.

On request, we will arrange for tours led by local guides.

## How to find us

To reach Münchweier from the Autobahn A5, take the Ettenheim exit. In Ettenheim, go straight through the 2 traffic lights and continue going straight. You'll pass the Aral gas station on your left and in less than a minute, you'll drive by the Volksbank (on the right). Continue another 400 meters and you'll see the „Rebstock“  
If you're travelling toward Münchweier from the east from the direction of the Kinzigtal, you will go through Steinach, Schweighausen, and Ettenheimmünster.
